* Denotes an original article. † Book reviews.

Review of Current Literature not marked.

A

Abdomen, blunt injuries to the 445
Abdominal (acute), emergencies complicating pregnancy and the puerperium 419
—— and tubal pregnancy, a case of simultaneous....115
Abortion, on the treatment of missed....615
—— and rupture, the diagnosis of tubal....577
—— death from hæmorrhage in....882
—— the irregularity of therapeutic....603
—— contribution to the study of the causes of, due to the ovum....852
—— an address on....406
—— ethical, legal and medical aspects of 409
—— fatal hæmorrhage from....454
—— human infection with the organism of contagions in cattle and hogs 429
—— two years active treatment of....453
—— febile, conservative treatment of, by drainage 165
Acardia, causation of....442
Accidental hæmorrhage and eclampsia, chronic, nephritis *712
Acute post-partum œdema of the cervix uteri....*72
Adolescence, development changes during....808
Adrenalin effects at the menopause and their significance, on certain 805
Agglutination of blood and its practical value 620
Aguinaga, the operation of Portes 888
Ahlström, E., the treatment of non-tuberculous inflammation of the appendages 462
Allen, E. E., Compere, Jr., and Austin, W. : Some results obtained with parathyroid extract in the control of idiopathic menstrual bleeding 589
Amino acids, estimation of by Herzfeld's methods in pregnancy and eclampsia 443
Amnion, research on the physiology of the human....434
Anæsthesia, my method and technique of, in the treatment of abortion and other minor vaginal manipulations....164
—— spinal, clinical statistics of 434 cases....148
Andrade, C. G. di, the operation of Portes....889
Anencephalic fetus, a quantitative study of the hypophysis of the human 598
Anencephalus, the early diagnosis of 130
Antinatal care, some practical aspects of 578

Antirachitic properties developed in human milk by irradiating the mother 427
Apoplexy, utero placental 890
Appendage injections, should there be a change in our principles of operative treatment of....608
Appendages, the treatment of non-tuberculous inflammations of the 462
Armytage, V. B. Green. An address on obstetrics and gynæcology in the days of the Patriarchs....*536
—— The treatment of sterility....578
Asch, R. On the use of ergot....873
Asdell, S. A. Time of conception and of ovulation in relation to menstrual cycle 840
Asphyxia, the significance of the inhalation of chloroform in the ætiology of intrauterine 167
Atresia ani vaginalis, its correction, with report of a case....423
—— of the œsophagus with congenital varices, and a tracheal fistula, associated with the symptoms of malaena neonatorium 459
Autefage, Cæsarean and hysterectomy for face presentation, large left hydronephrosis and nephrectomy cure....611
Avertin (E. 107) in midwifery....872

B

Babës, A. : A new research on the nature of nodula salpingitis....850
Backache in gynæcology, the frequency and meaning of....585
Baer, W. The significance of determination of blood groups for transfusion 155
Baldwin operation for the formation of an artificial vagina....593
Baldwin's operation, concerning....144
Ballin, L. : The cause of growths of endometrial structure in the ovary 877
Bandl's ring, disturbances of labour from....453
Barris, J. : The diagnosis in treatment of placenta prævia....117
Barrows, D. : Primary carcinoma of the Fallopian tube with report of three cases 829
Bass, F. : Death from hæmorrhage in abortion 882
Bauer, A. W. : Disturbances of the digestion (gastric atony and constipation) as the chief cause of abnormal uterine hæmorrhage 153
Baumm, H. : Incomplete uterine rupture 874
Baumm, F. : Rectal versus vaginal examination....163
Beare, F. H. and Cleland, J. B. : Gas infection of the uterus with jaundice, following abortion 821
Begnin, : Extra-membranous gestatia 611
Behandlung der Fraenkrankheiter. : Indicationen für die operative ....†561
Belding, D. L. : The effect of treatment of the syphilitic pregnant women upon the incidence of congenital syphilis....587
Bell, J. W. Post-mortem findings in ten cases of toxæmia of pregnancy 586

Bell, W. Blair : The material and methods of a gynæcological and obstetrical clinic *756
—— Conservation of the ovarian function in the surgical treatment of salpingitis *213
—— The nature of malignant neoplasia and treatment of the disease with lead 119
Belote, G. H. : Pregnancy and neurosyphilis.....839
Benda, Robert : Das reticulo-endotheliali system in der Schwangerschaft .....†570
Benischek, W. and Douglas, M. : The value of the blood sedimentation test in gynæcology.....836
Benthin, Walter : Indicationen für die operative Behandlung der Frauenkrankheiten .....†561
Berecz, J. Ovarian hæmorrhages 437
Berge, B. S. ? Closure of a uretero-genital fistula complicated by pyelitis 634
Berkeley, Comyns and Dupuy, Georges, M. : An atlas of midwifery .....†108
Bertuner s operation, contributions to the technique of, on the adnexa 454
Bey Latis : Ovarian graft from monkey to woman 617
Bianchi, G. : Simultaneous bilateral tubal pregnancy.....863
Biehle, H. :Is the loss of weight at the end of pregnancy a sign of imminent labour 620
Biologie and Pathologie des weibes.....†558
Biologie und Pathologie des Weibes.....†799
Birth control, the need for medical teaching on.....405
Birth injuries, Pseudoluxation of the knee-joint, and posterior luxation of the foot at the ankle-joint as, of the newborn.....436
Black, W. : Pelvis infections 833
Blair, R. : Inflammatory sealing of the external os causing delay in labour 577
Bland Sutton, Sir John, and Giles Arthur E. The diseases of women .....†107
Blanco, L. V. and Paperini, H. : Meningeal hæmorrhage in the newborn 138
Bland P. Brooke : The conservative treatment of incomplicated retrodisplacement of the uterus.....126
Bleyer, Adrien : Enlargement of the spleen in children.....848
Blood transfusion, practical experiences of 442
Blood groups, the significance of determination of, for transfusion 155
Blood sugar, the fluctuation in during, eclampsia and its relation to the convulsions 833
—— curve in pregnant women with pancreatic diabetes, the.....452
Blood sedimentation test, the value of the, in gynæcology.....836
Blood sugar, the relation between the fœtal and maternal.....164
Boggon, R. H : Post-partum avulsion of the uterus, a case of recovery 416
Bokelmann, S. : Criticism of insulin therapy in gestatia toxicoses 881
Bondi, J. Disturbance of the frequency of the fœtal heart tones in delayed rupture of the membranes.....452

Bonner, A. : Carcinoma of the cervix in a thirteen year old patient 835
Bonney, V. : The remoter results of child bearing....419
—— An operation for creating an abdominal "shelf" in certain cases of visceroptosis in women....114
Boorstein, S. : Separation of the symphysis pubis....590
Börgeson, C. : On the later results of the heugebauer, the Fort operation for prolapse 461
Boströwe, C. G. : On the application of Credës prophylactic method 462
Botelho's reaction and that of Neumann and Hermann in albuminuria, eclampsia, pregnancy and menstruation 637
Bourne, Aleck and Burn, J. H. : The dosage and action of pituitary extract and of the ergot alkaloids on the uterus in labour, with a note on the action of adrenalin....*249
—— The treatment of acute gonorrhœl salpingitis....*185
Bourne, A. : The treatment of contracted pelvis when first seen during labour....115
Brady, L. : Results with the Watkins interposition operation in the treatment of prolapsus uteri....132
Brambell, F. W. R. and Parkes, A. S. : Changes in the ovary of the mouse following exposure to X-rays....811
Braude, J. : Disturbance of the kidney produced by knotting of the ureter....441
Braun, W. : Calcium treatment in gynæcology with special reference to hæmosistan....153
Breast, untreated cancer of 424
—— feeding, the prevalence and duration of, in hospital practice *729
—— the important early symptoms in diseases of the 805
—— carcinoma of the, combined with giant-celled sarcoma....847
Breasts and abdomen, operations for dependent....153
Brindeau : Severe injury to the vagina during coitus....609
Brock, J. : Uterine douching with alcohol in the puerperium....874
—— A consideration of post-partum hæmorrhage....442
Brodhead, G. L. and Langrock, E. G. : Placenta prævia....423
Brossa, G. A. and Tocchi, S. : Investigations on the colloidal state of the serum in the blood of the mother and the newly-born infant 147
Brouha, M. : Concerning Baldwin's operation....144
Brouha, L. and Simonnet, H. : The hypophysis and the internal secretion of the ovaries 855
—— and Simonnet, H. : Experimental research on the liquor folliculi 144
Browne, W. H. and Kincaid, H. L. : Etiology and diagnosis of intra-uterine fœtal death 137
Brügelmann, C. : Observations on puerperal sepsis, especially the localisation and frequency of metastases 873
Brunner, T. : A criticism of operative proceedures in ruptured tubal pregnancies....625

Brunner, T. : Is the reinfusion of peritoneal blood necessary in the treatment of ruptured tubal pregnancy 622
Büben, I. von. : Treatment by diathermy and menstruation, with special reference to the diathermic treatment of dysmenorrhœa 884
Budde, M. : The origin of fœtal inclusions, complicated dermoids and teratomata and their mutual relationship 154
Bunzel, E. : Pulmonary embolism complicating pregnancy labour, and the puerperium.....826
Buono Del. : Irradiation of the hypophysis in gynæcology 866
Burger, P. : Special indications for low Cæsarean section.....607
—— Puerperal articular metastases 850
Burnet, James : Diseases of the newborn.....†571
Butka, H. E. : Ruptured gastric ulcer in infancy.....839
Butoma, W. : The clinical reaction as a criterion of the therapeutic effects of milk infections in inflammation of the female genital organs 152

C

Cæsarean section, the obstetric future of women delivered by the low or cervical 590
—— —— abdominal in Detroit in 1926.....590
—— —— followed by temporary sterilization of the uterus. The Portes operation 595
—— —— tentorial tears and intracranial hæmorrhage in.....855
—— —— early 874
—— —— the technique of with special reference to the lower uterine segment incision 585
—— —— the bacterial content of the uterus at.....588
—— —— with a living child, a case of post-mortem.....574
—— and hysterectomy for face presentation, large left hydronephrosis and nephrectomy cure.....611
—— —— special indication for 607
—— —— special indications for low.....607
—— —— unusual complication following a low.....839
—— —— lumbar anæsthesia in 442
—— —— the abuse of 808
—— —— the scar in 820
—— —— the morbidity and mortality of.....827
—— —— air embolism in 168
Calcium in the blood in pregnancy 613
—— effect of a diet low in, on fertility, pregnancy and lactation in the rat 426
—— the value of the egg yolk in supplementing diets deficient in...430
—— absorption in relation to gastric acidity.....122
—— metabolism, and the effect upon the calcium blood level of the parathyroid and ovarian hormones 123
Cameron, S. J. : The operative treatment of chronic salpingo-oopheritis *206
Cancer, the rationale and technique of combining operation with radium treatment in 115

Cancer problem, the 119
—— of the cervix complicating pregnancy, showing the harmful effects of radium upon the fœtus 588
—— problem in gynæcology *224
—— and pregnancy 432
—— tissue, the differentiation of the.....125
Cankon, A. B. : A study of two hundred and two cases of congenital syphilis 841
Capecchi, E. : The importance of the spleen in resistance to infection deduced from a case of grave puerperal sepsis in a woman recently spleenectomised 146
Capon, Norman B. : The relationship of the Pædiatrician to the obstetrician *345
Carcinoma (advanced) of the cervix radium in the treatment of...*291
—— variations of the prognosis of endometrial, as indicated by the histological structure 594
—— of the cervix. Factors influencing end results in, after irradiation 589
—— of the stump, after supra-vaginal amputation of myomatous uteri 166
Cardiac disease, pregnancy complicated by *331
Case, J. T. and Cooper, T. E. : The early diagnosis of anencephalus 130
Cassidy, L. L. : Deep X-ray treatment of non-malignant gynæcological conditions .....2[illegible]3
Cassie, E. and Cox, U. : The examination of the gastric contents of infants with some observations as to the value of lactic acid milk in infant feeding 113
Castano, C. A. :Three cases of pregnancy after radium therapy in ovariopathic hæmorrhages 604
Cathala, V. : Total spontaneous amputation of the cervix secondary and œdema during labour.....606
Centifage : A case of dystocia due to the shoulders 607
Cervical metritis, on the treatment of, Resumé of forty cases of subsequent pregnancy 609
Cervical tears in normal labour 872
Cervix uteri, epithelio-sarcoma of the, treated by radium. Secondary invasion of the vesico-vaginal wall, result.....616
—— —— carcinoma of the, as treated in the gynæcologic department of the University Hospital.....589
Cerné : Rupture of the uterus at term after previous Cæsarean section—late operation. Cure. 614
Cervix, radio-therapy of cancer of the 603
—— Atropine-morphine in the treatment of rigidity of the 602
—— total spontaneous amputation of the, secondary to œdema during labour.....606
—— partial spontaneous amputation of the œdematous, during labour 606
—— results of operative treatment of carcinoma in the Charité Frauen Klinik, Berlin, 1916-1920 845

Cervix uteri, carcinoma of the 845
—— uteri, carcinoma of the 485
—— carcinoma of the, in a thirteen year old patient 835
—— prevention of carcinoma of the.....830
—— the relation of the tissues to radium in treatment of cancer of the, and the importance of lacerations in producing cancer in the location 423
—— carcinoma of, on the rate of growth of.....155
—— uteri, adhesions in the, after curettage 165
—— the relation in prognosis to the histological finding in carcinoma of 131
—— amputation of the, with application of the Sturmdorf principle 133
Chaplin, H. D. : The production and handling of human milk.....140
Charlton, H. R. : Prevention of carcinoma of the cervix 830
Cheath, G. L. : The important early symptoms in diseases of the breast 805
Cheval, M. : The technique of internal podalic versia 434
Chiaze Delle : A new modification of the technique of ligamentopery 608
Child bearing, the remoter results of 419
Chinese drugs, some of the old, used in obstetrical practice.....*498
Chisholm, C. and McKillop, M. : Treatment of nursing mothers with ultra-violet light.....803
Chorio carcinoma, report of a case of, the uterus, complicating pregnancy 128
Clark, J. and Ferguson, L. K. : Carcinoma of the cervix uteri as treated in the gynæcologic department of the University Hospital 589
Clauser, F. : The heart and the puerperium 858
—— Uterine inertia and the sympathetic nervous system.....147
Cleland, J. B. and Heeman, J. G. : Pseudo-myxoma peritonei of appendiceal origin and mucocele of the appendix.....821
Climacteric, diseases of the joints during the 440
Clon, Alice E. Sanderson : The prevention of menstrual troubles...809
Coen, G. :Spinal anæsthesia : clinical statistics of 434 cases.....148
Coghlan, C. : Low transverse arrest of the fœtal head in occipito-posterior positions 818
Cohen, W. : Injury to the skull during labour 635
Coitus, an injury to the genital organs during.....639
Colloidal state of the serum in the blood. Investigations on the, in the mother and her newly-born infant.....147
—— lead, the use of, in the treatment of cancer 136
Compton, A. : Intra-uterine injection of pure glycerine.....114
Condamin, R. : General remarks on Douglasitis.....431
Congress discussion. Cancer problems in gynæcology.....389
—— Treatment of Inflammatory conditions of the uterine adnexa 360
—— The action of pituitary and ergot alkaloids in labour.....394
—— Late pregnancy toxæmia and its relation to abortion premature labour. Accidental hæmorrhage and stillbirth.....395

Congress discussion. Further experience with radium in the treatment of carcinoma of the cervix 396
—— Pregnancy complicated by cardiac disease.....398
—— Relationship of the obstetrician to the Pædiatrician.....401
Connan, P. and Owen Jones, R. : Observations on the indications for the induction of labour *83
Connell, J. S. M. : The diagnosis of tubal abortion and rupture...577
Conservative operations, the indications for, in the surgery of the appendages 431
Constantiné and Marvill : Abscess of uterus. Is hysterectomy necessary in uterine abscess complicated by salpingitis.....607
Constriction grooves on the skull of the newborn from rigidity of the os 156
Contraception .....†562
Contracted pelvis, the treatment of, when first seen during labour 115
Contraction rings, physiological and pathological (new traumatic), in the uterus during and immediately after labour and the dystocia caused by these rings, on the development of 455

Cook. : Fibril formation by human lutein cells 597
Corpus luteum, on hæmorrhage in the.....639
—— —— is the, necessary for the normal completion of human pregnancy 461
—— —— some pathological forms of *300
—— —— the relation between the, and the mammary glands.....120
Corwin, J. and Herrick, W. W. : Relation of hypertensive toxæmia of pregnancy to chronic cardio-vascular disease.....428
Corwin, J., Herrick, W., Valentine, M. and Wilson, J. : Pregnancy and heart disease 827
Cotte and Bertrand : Tubo-uterine implantation 604
Cotte, G. : Treatment of metrorrhagia in young girls.....855
Couvelaire, A. :The offspring of the tuberculous mother.....603
Covell, W. P. : A quantitative study of the hypophysis of the human anencephalic fetus.....598
Cranial injuries 620
Credés prophylactic method, on the application of.....462
Crenberg, L. E. : On local anæsthesia for prolapse operations.....461
Criminal abortion with soap solutions.....156
Cron, R. S. : Prevention and relief of prolapsus uteri.....422
Cron, R. S. and Gey, G. : The viability of the cast off menstrual endometrium 828
Crossen Harry Sturgeon : Diseases of women.....†567
Curettage of the uterus, a protest against ampulatory.....453
Curtis, A. H. : Surgical indications in the treatment of gonorrhœal lesions of the uterine adnexa.....*206
Cuspary, O. H. : Experiences with pituigan.....624
Cuzzi : A case of spontaneous rupture of the fundus uteri in the seventh month of pregnancy.....865
Cystoscopy in the puerperium 465

D

Dactyloscopy and the question of paternity....452
Daland, E. M. : Untreated cancer of the breast....424
Danforth, W. : Referred pain in the shoulder in ruptured tubal pregnancy....587
Danforth, W. C. and Galloway, C. E. : Retrodisplacement of the uterus during pregnancy and the puerperium....130
Dannreuther, W. T. : The enigma of ectopic pregnancy....596
D'Arcy, C. E. : The scar in Cæsarean section....820
Dauwe, O. : Obstetrical shock, hypotension, transfusion....434
Davies, J. L. and Jones C. J. Cellan : Pregnancy alternating in the horns of a uterus didelphys....805
Davis, K. B. : Periodicity of sex desire....586
Davies, J. L. and Jones C. J. Cellan : Uterus didelphys with pregnancy....574
Davies, R. : Wandering endometriomata....820
